Turnkey Contractors handled our new build project with an impressive balance of professionalism and personal connection. Chris was genuinely invested in understanding our desires for a dream home, and it showed in the thoughtful questions he asked.

Project manager Alex was phenomenal, his updates were comprehensive, and he was always available to discuss any aspect of the project. The team's punctuality, craftsmanship, and respect for our opinions were commendable. We now live in a home we're proud to showcase, all thanks to Chris and his dedicated team.
